## **Vendor Seminar 1: Part 1: Five Reasons to Implement XDR in Your Organisation**

*In this interactive session, we will conduct several cyber-attacks on a demo infrastructure protected by XDR, allowing us to practically evaluate the efficiency and convenience of detection, investigation, and response tools. Additionally, we will discuss 5 key reasons why implementing this platform can benefit your organization.*

## **Part 2: Security tools to boost your efficiency in 2024-2025. Practice session**

*In the second part of the seminar, our colleagues from Start X will demonstrate a tool that integrates the formation, formulation, and control of information security requirements into the continuous development process of mobile and web applications. We will also showcase how to seamlessly connect this process with interactive training on secure development practices.*

Venue: Istanbul Room (11<sup>th</sup> floor)

Hosted by:  **HWG Sababa**

16:00

## **Special Guest Lecture 1**
